Getting Started with Mindfulness - Mindful

Mindfulness is defined as a focused state of awareness of the present moment with an attitude of openness, curiosity, non-judgment, and acceptance. The most vital parts of that definition are curiosity and non-judgment. While you are curiously aware of your passing thoughts, you must make sure you also examine them without any judgment.

The power of mindfulness is the power to examine those self-identifications and their consequences and the power to examine the views and perspectives we adopt so reflexively and automatically and then proceed to think

Mindfulness for Beginners by Jon Kabat-Zinn

Mindfulness (some use the word grounding) is characterized by meditation and relaxation techniques. The idea is to become more self-aware. You pay attention to thoughts, feelings, and sensations in that moment — without purposefully deciding whether they're good or bad, and without becoming overwhelmed or overly reactive.
