Science Journal for Kids's primary activity is selecting published science articles and adapting them for children's education. The materials are available on the Science Journal for Kids website for teachers, parents, students, and the general public. The steps for developing these materials are outlined below: Selecting the journal articles. The selected articles must be scientific research papers published in a peer-reviewed open-access high-impact science journal.

About us | Science Journal for Kids and Teens

Unlike personal journals, scientific journals are written to be shared. Encourage the child to journal with enough detail that anyone could understand their notes. Decorate the covers of a small notebook. Ask the child to draw pictures of their favorite aspects of science -- dinosaurs, astronauts and volcanoes are some ideas.

How to Make Science Journals With Kids | Synonym

I Love Science. This journal is tailored to kids who like to tinker, discover, and experiment. It's from the same author as the bestselling (and gorgeous!) Women in Science book that features 50 profiles of famous female scientists. (The journal is geared towards girls, but I know of a couple parents who got it for their boys who love science ...
